## OPERATING INSTRUCTIONS

## INDOOR WATER UNIT

Ref: IDU

## DESCRIPTION

The IDU indoor waterer is a very useful water dispenser for the maintenance of indoor plants. The 25-litre tank is mounted on a two-wheel trolley which is easily maneuvered by the handle around corridors.

The water is dispensed by a small 12-volt pump that is powered from an integral rechargeable battery. A lightweight trigger lance puts the water where it is required. A manual handle makes the transporting of the unit up and down stairs and van loading an easy operation. The water tank can be removed leaving a very useful trolley to transport plant containers.

## SPECIFICATIONS

Tank capacity	25 Litres (5 Gallons)
Overall Width	430mm (17")
Overall Length	790mm (31")
Height	990mm (39")
Pump Voltage	12v DC
Max Temperature	54°C
Battery	12v DC

## SAFETY INSTRUCTIONS

- Always keep the unit in a safe place
- Avoid steep gradients and uneven ground.
- Do not attempt to lift the whole unit when full.
- Always check that the battery connections are secure
- Do not attempt to pull or move the waterer by pulling on the delivery hose.

If in doubt, please call the SCH customer help line at **01473 328272**.

## IMPORTANT

- DO NOT RUN THE PUMP WITHOUT WATER.
- Do not use the pump in water temperatures above 60 degrees.
- The pumps maximum speed has been pre-set and must not be altered.
- Protect the unit from frost.
- Do not leave water in the pump if there is a danger of freezing.
- Keep the filter on the suction hose clean.
- This machine is designed for watering purposes only and not suitable for human consumption.
- It is advisable to recharge the battery daily if the waterer is used regularly.

## OPERATING INSTRUCTIONS

- Fit the battery into the battery compartment.
- Place the red / brown wires onto the red (+) terminal
- Place the black / blue wires onto the black (-) terminal.
- Fill the tank with water.

## HAND SPRAYING

- Make sure the battery is connected.
- Switch on the pull trigger lance.
  - If water does not spray at once, switch off and try again.
  - Repeat this operation until water is delivered.

## PARTS LIST

Description	Ref
Pump	IDU/Pump
On/Off Switch	IDU/PS
Trigger Lance Switch	IDU/TL

## WARRANTY

Your unit is guaranteed for 12 months from date of purchase. This guarantee covers faults which may occur from defective parts or manufacture.
